Value Proposition

- Financial Executives International (FEI) is the preeminent professional organization for senior financial executives since 1976.
- FEI has over 11,000 members who serve as CFOs, Treasurers, Controllers, VPs of Finance, Tax Executives, Academics, and Audit Committee members. 65 FEI chapters are spread throughout the United States.
- Partners are publicized as associating with the finest professional organization for financial executives.
- Partner companies have exposure to active local Silicon Valley Chapter members who are top executives responsible for managing Silicon Valley business' finances.
- Partners have the opportunity, and are encouraged to, entertain existing/ prospect clients and friends (who qualify for FEI membership) in a highly professional environment. They can be introduced and become connected to local financial executives at periodic dinner meeting. FEI will cover the dinner cost for potential qualified Member guests.
- Partners have the opportunity to stay abreast of emerging accounting and financial issues as FEI represents its membership's interest to Congressional policy makers, the FASB and the SEC.
